April 23, 2018

April 30, 2018

May 7, 2018

Parents play a critical role in children's speech and language development. Since communication occurs all day long, the skills learned don't take extra time or add pressure to your already busy schedules. This workshop series will teach parents to become aware of their child's communication attempts, to respond effectively and to use strategies to help your child learn language.

Toilet Training Basics

Presented by: Lynn Legg, PT

Wednesday, February 7, 2018

7:00 – 8:30pm

Orion Township Library

OR

Thursday, April 26, 2018

7:00 – 8:30pm

Farmington Community Library - Branch

Teaching your child to use the toilet takes time, understanding and patience. Choosing the right time to start, recognizing the signs of readiness and the procedures to follow can be confusing. This presentation will provide an overview of toilet training and offer some helpful tips to use when toilet training your child.

This session will help you understand the various factors that affect eating. You will learn ways to reinforce your child for positive food behaviors. Strategies will be shared to help reduce challenging eating behaviors and make mealtimes more enjoyable. Bring questions!

Making Sense of Sensory Systems

Presented by: Susan Wit M.Ed., OT

Wednesday, March 21, 2018

7:00 – 8:30pm

Southfield Public Library

Explore the sensory system and learn how children use familiar aspects of taste, touch, smell, hearing and vision as well as less familiar areas like vestibular, tactile and proprioceptive to learn and grow. We will provide strategies to help develop your child's sensory system that will easily fit into your daily routines. Learn to recognize signs of sensory difficulties and when to seek additional support.

Tummy Time Boot Camp

Presented by: Lynn Legg, PT

Susan Wit M.Ed., OT

Tuesday, April 17, 2018

6:30 – 7:30pm

Waterford Oakland Schools Building

***This workshop is open to children who are not yet crawling on their hands and knees and their parents or caregivers.**

Why is "tummy time" so important, and what are the benefits? What are the potential problems of not providing tummy time? How can we fit tummy time into our busy lives? Is there a connection between tummy time and positional torticollis? What can we do about it? Join us for a fun, informative workshop as we answer these questions and more. We will send you off with a variety of ways to introduce tummy time into your daily routines in ways that are enjoyable for you and your child.

How Your Child's Temperament Influences Development

Presented by: Cathy Fall, M.S., OTRL

Wednesday, April 18, 2018

7:00 – 8:30pm

Waterford Oakland Schools Building

Is your child a 'looker' or a 'leaper'? All children are born with a unique personality and temperament. Some children are lookers who prefer to sit back and observe before acting, some are leapers that jump right in, and still others are a combination of the two. In this session you will learn how your child's temperament influences their development, affects how they behave and react to situations, and how different parenting approaches can support lookers, leapers, and everything in between!

These Family Support workshops are being offered free of charge to parents and caregivers of children birth to three years.
