

**HEALTHLY SEXUALITY INSTRUCTION**

The Board, in compliance with state law, has adopted a comprehensive program in Healthy Sexuality. In accordance with State law, Healthy Sexuality includes age appropriate opportunities which help individuals understand the social, physical, and emotional aspects of human sexuality. Healthy Sexuality education prepares individuals to make responsible decisions.

Students are provided instruction in accordance with State of Michigan laws pertaining to the instruction of HIV/AIDS and Sexuality Education. The District shall notify the parents in advance of instruction as required under the law.

According to Board policy, upon request, parents will be given the opportunity to review materials to be used.
