

INTERSCHOLASTIC ATHLETICS

The Board is committed to providing equal opportunity to compete in interscholastic athletics for both boys and girls and directs its Superintendent, or his/her designee, and those responsible for athletic programs to recommend programs that will meet this goal.

All interscholastic athletic activities recognized and approved by the Board shall follow the guidelines established by the Michigan High School Athletic Association.

Use of a performance-enhancing substance by a student is a violation that will affect a student's athletic eligibility and extra-curricular participation, as determined by Board Policy 5530.

A list of performance-enhancing substances developed by the Department of Community Health may be available upon request.
