

FEDERAL FUNDS

The Superintendent, or his/her designee, shall review new Federal education legislation and prepare proposals for programs s/he deems would be of aid to the students of this District. The Superintendent, or his/her designee, shall approve each such proposal prior to its submission, and the Board authorizes the Superintendent, or his/her designee, to approve all grants resulting from such proposals.

The Board regards available Federal funds of aid to local school districts and communities as a public trust. It forbids the use of Federal monies for partisan political activities and for any use that would not be in accord with Federal guidelines on discrimination. All Federal funds received by the District will be used in accordance with the applicable Federal law. The Superintendent, or his/her designee, shall require that each draw of Federal monies reflect actual program expenditures and that, when restricted, such monies are used to supplement programs and funding and not to supplant or replace existing programming or current funding.

No Federal funds received by the District shall be used (1) to develop or distribute materials, or operate programs or courses of instruction directed at youth, that are designed to promote or encourage sexual activity, whether homosexual or heterosexual; (2) to distribute or to aid in the distribution by any organization of legally obscene materials to minors on school grounds; (3) to provide sex education or HIV-prevention education in schools unless that instruction is age appropriate and includes the health benefits of abstinence; or (4) to operate a program of contraceptive distribution in schools.

Compliance Supplement for Single Audits of State and Local Governments
20 U.S.C. 7906

Adopted December 1, 2008
