

HYGIENIC MANAGEMENT

The Board directs that a program of hygienic management be instituted in the schools and explained annually to all staff members.

The Director of Operations shall request that each facility be inspected for cleanliness and sanitation by the Environmental Services Department.

The Director of Operations shall prepare, in consultation with the Environmental Services Department, procedures for the handling and disposal of body wastes and fluids. Such procedures shall include the protection of staff members who clean or handle blood or blood-soaked items, vomitus, saliva, urine, or feces; the disinfection of surfaces and items in contact with such matter; the disposal of such matter in sealed containers; and the frequent and thorough cleansing of hands and any other body parts that contact such matter.

The Director of Operations shall develop and supervise a program for the cleanliness and sanitary management of the school buildings, school grounds, and school equipment pursuant to law.

The cleanliness of each school building shall be the responsibility of the Environmental Services Department.

A.C. Rule R340.1301

*Adopted February 2, 2009*
