

SAFETY STANDARDS

The Superintendent, or his/her designee, shall be responsible for the maintenance of standards in the facilities to prevent accidents and to minimize their consequences. S/He shall designate an employee who shall conduct periodic audits of health and safety conditions within the facilities of the District in accordance with the Federal OSHA standards adopted by the State, and take appropriate action on any violations thereof to the Superintendent, or his/her designee. Said employee shall also have the authority to organize and direct the activities of a District safety committee.

The Superintendent, or his/her designee, shall ascertain that the employees and students of this District are aware of their rights to an environment free of recognized hazards, that they are properly trained in safety methods, that protective devices and equipment are available to meet safety standards, and that proper rules and records are maintained to meet the requirements of the law.

In the event an inspection is made by a representative of the State, the Superintendent, or his/her designee, shall report the results thereof to the Board at the meeting following the receipt of the State report.
