

DISTRICT SAFETY ISSUES

STUDENT, EMPLOYEE, AND VISITOR SAFETY

The District shall develop and implement a safety program that incorporates the following:

- A. Procedures describing a hazard identification and abatement program.
- B. Procedures that promote safety awareness among employees, students, and stakeholders.
- C. Procedures directed toward the safety of students during transportation to and from school, at school, and during participation in school-related activities.
- D. Procedures related to District employee health issues that include, but are not limited to, provision of work areas free from recognized hazards and OSHA-related programs that are required by Federal and State law, such as employee safety and health training and training in hazard recognition, and defining employer and employee responsibilities and expectations related to health and safety.
- E. Detailed Emergency Management Plan.

Adopted May 19, 2008
