

DISTRICT SUPPORT ORGANIZATIONS

The Board appreciates the efforts of all organizations whose objectives are to enhance the educational experiences of District students, to help meet educational needs of students, and/or provide extra educational benefits.

Any new organization desiring to use the name of the District must obtain the approval of the appropriate administrator as a prerequisite to organizing and/or carrying out any activity.

Each group will submit its bylaws, for review, to the appropriate administrator, and shall abide by the policies of the School Board. In addition to parents, membership shall be available to the District's professional staff.

The Superintendent, or his/her designee, shall implement administrative guidelines which ensure that each group's fund-raising activities are in compliance with Board policies and that the funds are used for school-related projects that have the approval of the appropriate administrator.

The Board relies upon approved organizations to operate in a manner consistent with public expectations for the schools and reserves the right to withdraw sponsorship from organizations.
