

RELATIONS WITH EDUCATIONAL INSTITUTIONS AND ORGANIZATIONS

It is the policy of the Board that strong lines of communication be maintained by the District with other districts and with institutions and organizations which provide District students with programs, training, or services not available in the District.

The Superintendent may enter into such cooperative ventures with institutions or organization for the purpose of providing programs which correlate to the District's curriculum and help students better accomplish the educational outcomes established by the Board. The District shall cooperate with the Intermediate School District in the study of opportunities to share services with other school districts and the Intermediate School District.

Before entering into any agreements, the Superintendent shall keep the Board advised of any arrangements that would affect the use of District resources or require any additional resources of the District.
