

South Lyon Community Schools Strategic Planning Committee

A DYNAMIC PLANNING PROCESS FOR CONTINUOUS IMPROVEMENT

SESSION 4 – MINUTES

November 28, 2016

South Lyon East High School – Media Center

1:00 pm – 7:00 pm

- Committee subgroups worked and developed the following proposed goals:
 - ✓ Every community member is a connected, informed and valued participant in South Lyon Community Schools for the betterment of our students and the community at large
 - ✓ South Lyon Community Schools will allocate budgetary funds to support the complex academic, social/emotional and health-related needs of all students as well as nurture community partnerships to enhance revenue and increase involvement in the District.
 - ✓ South Lyon Community Schools will create and foster a culture where stakeholders are recognized, involved, and accepted, resulting in students and staff realizing their value to the school community.
 - ✓ SLCS will maximize all students' academic, creative, and social-emotional potential in an inclusive learning community, provide diverse academic paths, and inspire a passion for learning.
- The goals will be shared to solicit feedback. The survey link is being sent to families and staff via this Skylert message. It will also be posted on the website and shared through other venues, such as the Herald, if possible, for the broader community.
- The survey will be open through December 16th. In January, the committee will review the input and finalize the goals to be presented to the Board for information on February 6th and for action on March 6th. After Strategic Planning Goals are adopted, work will begin on an implementation plan which will also be shared at Board Meetings this later spring
