

Brummer Elementary 2019-20 School Supply List

Several families have requested that we supply them with a list of grade level recommended supplies over the summer for their "back to school shopping." Many parents have shared that the best sales for school supplies occur over the summer and that they would like to purchase these supplies prior to the start of school. Our teachers worked together in grade level teams to create this Recommended Supply List. Please remember that these items are recommended and NOT required. Many of these items will be shared within the classroom community. Individual teachers may have a more specific list at the start of school. Happy Shopping!
