

# Adding or Modifying a Food Service Application

To Add or Modify a Food Service Application, click on the Food Service tab to the left.

Then click Applications at the top right.

If you have not yet submitted an application for this school (or if you said that you do not qualify for it during the "Back to School Process", but now would like to apply), click on Add Application.

If you need to modify a previously submitted application, click View Application and you can go back through the steps to make updates.
