

South Lyon Association for Special Education

It is our mission to welcome, support, and educate families who have children with different abilities. We collaborate to empower parents and others to advocate for South Lyon's children with special needs to receive the high quality educational programs and services that they deserve.

Whether you are the parent, friend, or family member of a child with special needs, have special needs yourself, or simply want to do the right thing for your neighbors, you are welcome to join our fellowship.

Whatever your motivation to advocate for children with special needs, your experiences can be overwhelming. The South Lyon Association for Special Education is here to serve families who have an IEP, a 504 plan, or are affected by disabilities. We welcome you to take the opportunity to connect with other parents and advocates with similar needs and interests, and to advocate for our community's children.

We strive to:

- *Connect with other parents
- *Host social networking events
- *Collaborate with S.L. Community Schools
- *Make resources & information available
