Message from SLEHS regarding student absences

Good morning South Lyon East families,

Maintaining a safe and healthy learning environment is the main priority of our district. In order to stay healthy, every member of our learning community must work together. This begins with staying home when feeling ill or after being exposed to someone who has tested positive for COVID-19. Please use our absence hotline to record all absences 248-573-8710 and follow these guidelines:

If your child tests POSITIVE for COVID19, please report that to the building. You may record this on our absence hotline OR by calling the building directly.

If your child has COVID-19 symptoms, keep them home for 10 full calendar days from the onset of the symptoms and contact your health provider. On the eleventh day, your child may return to school if they are fever free for 24 hours without the use of fever-reducing medications, symptoms have improved, and they can pass the screener. A negative COVID-19 test may allow an earlier return date.

If your child has been exposed to the virus, keep them home for 14 full calendar days from the last date of close contact. Your child may return on the fifteenth day provided that they can pass the screener.

Visit the SLCS website for COVID-19 resources and contact information for building assigned nurses: Click here for SLCS COVID Nurse Resources.

Thank you in advance for helping us keep our school communities healthy.

Be East: Integrity - Leadership - Sportsmanship - Perseverance - Unity
