## **VIII. Parking Lot**

## **IX. Dominic Kowalski - presented slide show to the committee**

- He feels we should be allowed to wear hats and head coverings
- Mr. Rudolph opened for discussion the topic of wearing hats
- Quinn Murphy brought up that it might be even harder to recognize the student if they are wearing a hat and mask.
- Mr. Rudolph stated, just because they have a hat rule doesn't mean the student will follow it. It may serve a good purpose as another descriptor for the student to make the student more identifiable.
- Gail Joslin would like to hear feedback from the teaching staff regarding hat wearing. She would like to hear how this would impact their instruction. If hat wearing could be optional for the teacher to allow or not, it still may present an argument from the student.
- Mr. Rudolph stated it would not be a bad idea to poll all of the teachers to see their response. Also stated if a hat gets taken it can be brought down to the main office for pickup at the end of school, similar to cell phones.
- Mr. Rudolph asked if there was anyone against polling the teachers. *All were in favor.*
- Mr. Rudolph thinks this will help drive the next discussion and he may join in for the next meeting.
- Mrs. Rudolph stated we will poll the teachers and move forward with a vote in the next meeting.
